About Us

www.akashelectriccompany.com

At **Akash Electric Company**, we specialize in designing and manufacturing high-performance machinery for the **investment casting** industry. Our focus is on building robust, efficient, and user-friendly equipment that meets the demanding standards of modern foundries.

With a strong foundation in industry knowledge and a commitment to quality, we deliver **machines** that help our clients improve productivity and maintain consistent casting results.

Trusted by leading names in the casting sector, **Akash Electric Company** is dedicated to supporting precision manufacturing with reliable and purpose-driven machinery.

Vision

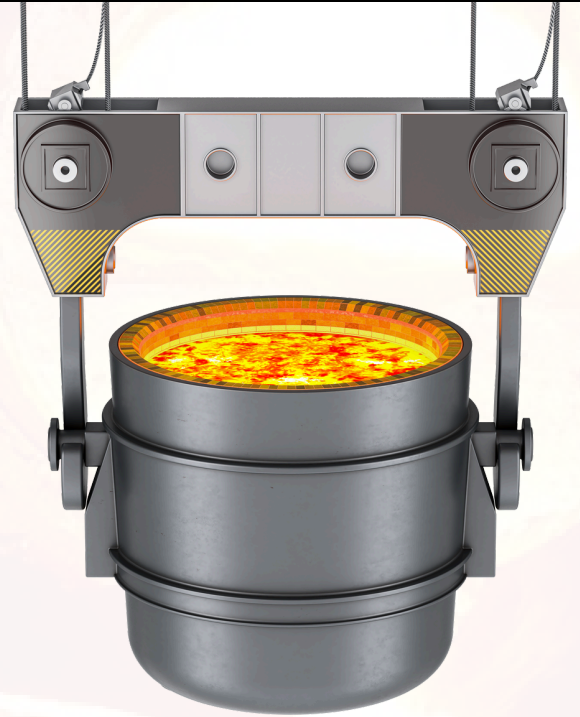

- To be a trusted leader in investment casting machinery, delivering reliable, high-quality solutions that empower foundries to achieve excellence globally.

Mission

- Our mission is to build reliable, high-quality machinery that enables customers to achieve superior casting results with consistency, efficiency, and long-term value.

Values

- We prioritize exceptional service and uncompromising quality, ensuring our customers receive reliable support and machines that deliver consistent casting excellence.

AEC-WP-16M

SPECIFICATION :

Machine Name : Manual Wax Injection Press Hydraulic

Capacity : 16Kg 1 Shot

Total Power Consumption : 7.5 k.w.

Pressure : 125Kg

(AR - 16 Pump Technology)

AEC-SC-650D

SPECIFICATION :

Machine Name : Slurry Coating Machine

Tank Diameter : 650mm

Tank Depth : 600mm

Tank Material : S.S. 304

Structure Material : M.S. Fabricated

Tank RPM : 0-22 RPM

Total Power Consumption: 0.75 k.w.

AEC-WM-700

SPECIFICATION :

Machine Name : Wax Melting Machine

Capacity : 50Kg to 700Kg

Total Power Consumption : 5 k.w. to 20 k.w.

Size : 500mm X 500mm to 1300mm X 1300mm

(With Safety System)

AEC-WP-10M

SPECIFICATION :

Machine Name : Manual Wax Injection Press Hydraulic

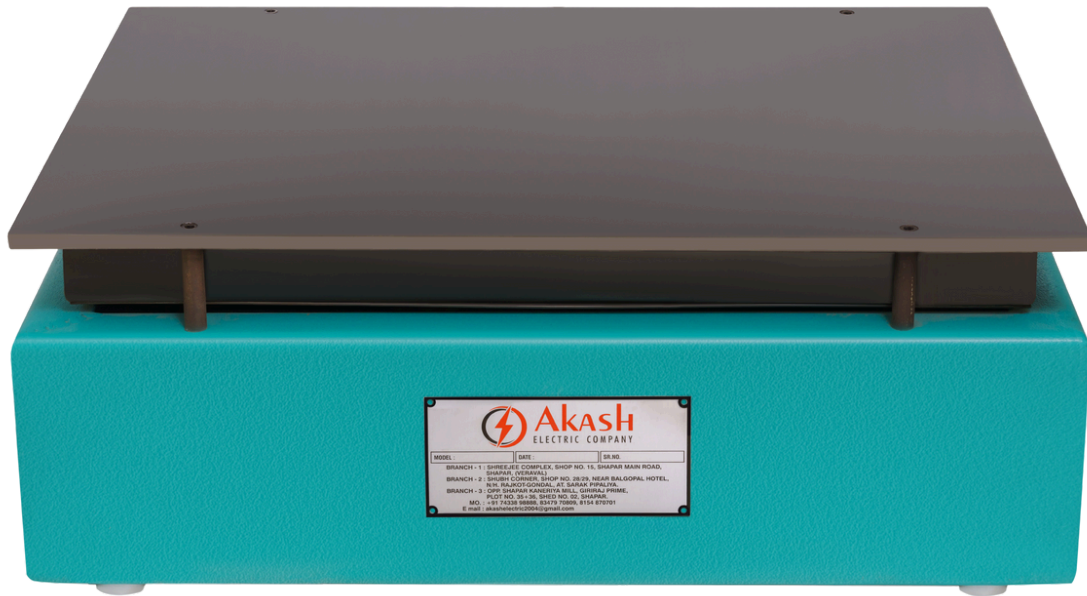

Capacity : 10Kg 1 Shot

Total Power Consumption : 6 k.w.

Pressure : 100Kg

Size : Customized

AEC-HP-250C

SPECIFICATION :

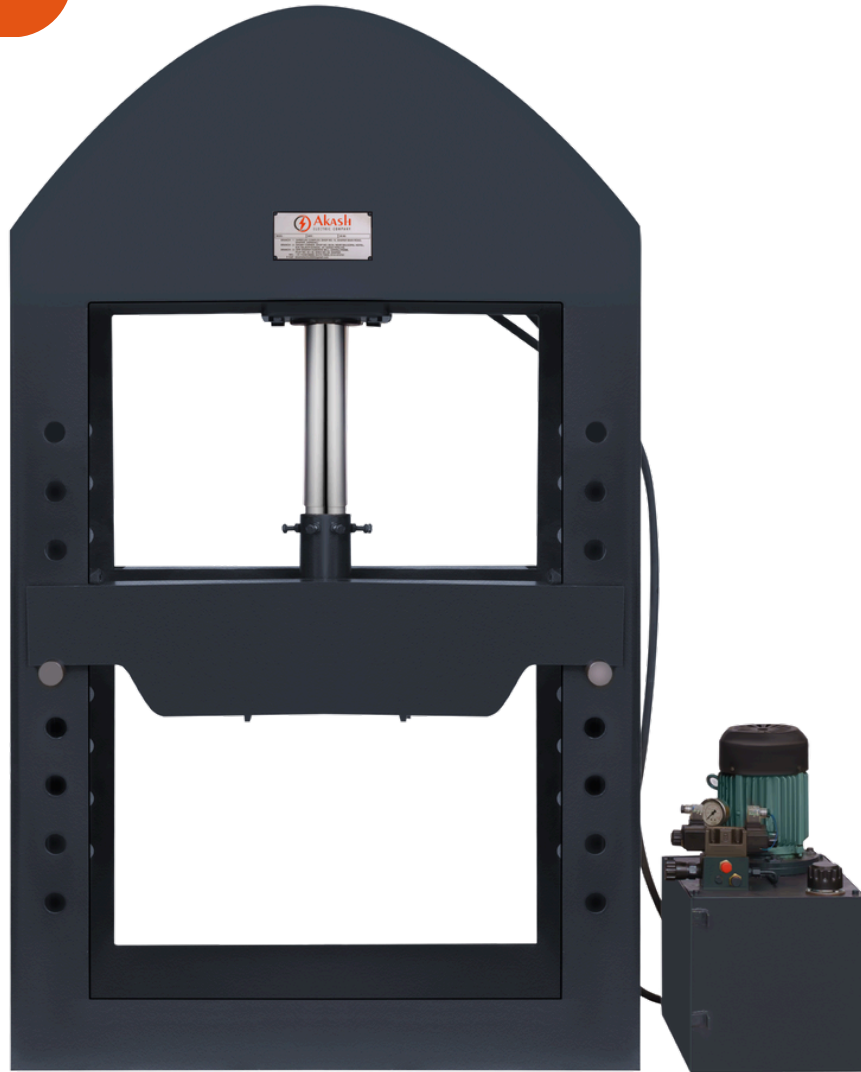

Machine Name : Hot Plate

Capacity : 250 °C

Total Power Consumption : 1.5 k.w. To 4.5 k.w.

Size : 300mm X 450mm / 600mm X 450mm / 600mm X 600mm

AEC-HPX-100T

SPECIFICATION :

Machine Name : Hydraulic Press

Capacity : 40 Ton to 100 Ton

Material : Mild Steel

Total Power Consumption : 2 k.w. to 7.5 k.w.

Frame Type : H Frame

Why Choose

Akash Electric Company

☀ The Power Behind Precision

- At Akash Electric Company, we don't just build machines—we build trust, performance, and long-term partnerships. Specializing in machinery for the investment casting industry, we've become the go-to name where quality and after-sales service are non-negotiable.

✅ Unmatched Quality

- We use premium-grade components and the latest engineering techniques to deliver machines that last.
- Every machine goes through multi-stage testing and quality checks to ensure maximum precision and durability.

“When your process depends on 0.01mm accuracy, you don't compromise. Neither do we.”

🔧 Service That Never Sleeps

- We're not just manufacturers—we are your service partner.
- From on-site commissioning to emergency breakdown support, our team is available 24/7 in most industrial zones.

💡 Custom Solutions

- Every investment casting unit is different. That's why we offer custom-built machinery tailored to your process and capacity.
- Whether you're upgrading an old system or building a new line—we help you scale smart.

💬 Our Promise

- We will treat your factory as if it were our own. Our mission is to be the most reliable name in the investment casting machinery space—no excuses, just solutions.

👉 Trusted by Industry Leader

**Mfg. By :**

Akash Electric Company

Office 1 :

Shreejee Complex, Shop No. 15,
Shapar Main Road, Shapar (Veraval)

Office2 :

Shubh Corner, Shop No. 28/29,
Near Balgopal Hotel, N/H Rajkot-Gondal, At: Sark Pipaliya

Workshop :

Opp. Shapar Kaneriya Mill, Giriraj Prime, Plot No. 35+36, Shed No. 2, Shapar
